OHIO FIRE CHIEFS ASSOCIATION LODD COMMITTEE OHIO LAST TEAM LINE OF DUTY DEATH AND FIREFIGHTER ASSISTANCE TEAM REPORT JULY 2016 TO JULY 2017 REPORT

The following four Ohio firefighters who died serving their communities will be honored at the 2017 National Fallen Firefighters Memorial in Emmitsburg Maryland.

Fire Technician Kenny Ray Jr	DOD 03/20/2016	TimkenSteel Fire & Safety
Firefighter John R Fritz	DOD 06/27/2016	Austintown Fire Department
Firefighter Adam Long	DOD 10/31/2016	Defense Supply Center Columbus
		Fire & Emergency Services
Firefighter Ruben E Mast	DOD 12/19/2016	Wayne Twp Volunteer Fire Department

To honor these four firefighters, the OFCA LODD Response Team will hold the surviving family reception on Thursday July 13th, 2017 at the Ohio Fire & Rescue Officer Development Conference Retired. Fire Chief Bud Williams will coordinate this reception; in addition, it prepares these families for the National Firefighters Memorial in October. Immediately following this reception, the names of these fallen firefighters will be read at the Memorial Service during the Opening Ceremonies.

Our team has been active with assisting fire departments with firefighter funerals and working with the fire departments and families on all potential benefit claim processes. With the passing of SB 27 (The Michael Louis Palumbo, Jr. Act) becoming effective April 6th 1017, it has become a priority for us to learn the language of this Act. We have to be prepared when confronted with questions concerning what is an eligible line of duty death when cancer is involved. It is imperative that we understand how each agency reviews a death caused by cancer and what is eligible for a benefit and/or disability benefit.

Monetary Donations:

Balance of committee funds by donations \$3,594.23.

I would like to thank the Board of Directors for their strong support for our response team.

Respectfully submitted by;

Deputy Fire Chief Ron Terriaco
Chair of LODD Response Team Committee
Concord Township Fire Department
