Fireground Responsibilities: 1:00 pm—4:30 pm

SPECIAL REGISTRATION IS REQUIRED FOR THIS PROGRAM, WHICH INCLUDES LUNCH

Five Alarm Leadership is a dynamic program that is designed to energize and motivate the people in your department to perform and excel in everything they do. This program outlines many of the common situations that fire departments and fire companies find themselves in and presents suggestions and solutions to those situations.

Chief Salka, a 33 plus year veteran of the FDNY has experienced many of the challenges and hurdles that your fire department is facing. He has learned through his experience as a lieutenant, captain, and chief how to treat people, how to motivate them, and even how to discipline them so that they want to come back for more. Issues such as integrity, inspiration, interest, innovation, insight, and initiative are all discussed and applied to life in the firehouse and on the fire-ground. Join Chief Salka as he guides you through your most difficult but vital role as a leader in the fire service.

In Fireground Responsibilities, Chief Salka takes a critical look at the line-of-duty death of a firefighter and the many contributing factors that played a role in the event. Using the report issued by NIOSH after their investigation, each of the factors, events and decisions related to this fire are examined to discover if anything could have been done differently with more positive results. Issues such as SCBA usage, accountability tactics, risk vs reward decision making, survival skills and communications are all discussed and debated to uncover the real cause of the LODD and the possible actions and decisions that can be made in the future to prevent another similar tragedy. This program contains lessons and skills that apply to all ranks and levels including firefighters, company officers and chiefs.
