October/November/December: ***Community Risk Reduction: An All Hazards Approach to Prevention***

Publications Committee Report to the OFCA Board of Directors

The Publications Committee continues to strive to provide our membership with timely information regarding issues facing today's fire service, as is evidenced within our produced issues of *InCommand*.

We encourage anyone who is interested to join the Publications Committee. We meet regularly throughout the year to exchange ideas, establish themes, make assignments, discuss articles, etc. Our meetings are held in advance of editorial deadlines to allow committee members enough time to brainstorm ideas and engage in lively discussion.

If you would like to join the Publications Committee, or if you have a particular topic/issue that you would like us to address, please contact the Publications Committee Chair, Assistant Chief Chris Menapace at Christopher.menapace@whitehall-oh.us or Anne Beauch at abeauch@ohiofirechiefs.org.

Lastly, we would like to thank our committee members for their hard work and dedication to the committee and *InCommand* magazine. Their efforts in tackling the latest thinking and current issues in the fire service make *InCommand* one of the country's best fire organization membership publications.
